SECTION 1 - GENERAL RULES

1.1 DELETED

1.2 ADDITIONAL PARCEL OR CHAIN

There may be additional charges for separate chains of title or separate parcels based upon increased production and/or search costs.

1.3 CALCULATION OF CHARGES AND ROUNDING

Unless otherwise specifically noted, the charges shall be based upon liability amounts in multiples of \$5,000, including any fraction thereof. All charges and fees are rounded up to the nearest dollar increment. If calculating the rate involves multiple stages, round up at each stage of the calculation process.

1.4 EMPLOYEE CHARGE

No charge shall be made to employees of Stewart Title Guaranty Company and its affiliates for title insurance premiums for policies issued in connection with the financing, refinancing, sale or purchase of the employee's bona-fide home property, i.e., the employee's owner-occupied, primary residence. Waiver of such charges is authorized only in connection with those costs, which the employee would be obligated to pay, by established custom, as a party to the transaction.

1.5 CORRECTIONS

A policy may be re-written where required to correct an error for a charge commensurate with the work necessary and the circumstances involved.

1.6 GOVERNMENTAL CONTRACTS

Contracts may be entered into with governmental, state or municipal agencies for the furnishing of guarantees or policies of title insurance based on a variety of factors, including the nature and types of transactions being contemplated, market conditions, and volume of business. In such situations, the minimum charge will be 40% of the Applicable Rate, along with additional work charges, which may be imposed in order to respond to any unusual requirements made by the agency.

1.8 DELETED

1.9 DELETED

1.10 TITLE INSURANCE PAYMENT

All title insurance premiums and charges are due immediately upon recording or delivery. Policies, binders, Guarantees and Commitments shall only take effect upon receipt of payment. Issuance of any title product requires compliance with all STG Underwriting Guidelines.

1.11 MINIMUM CHARGES

The charges set forth in this schedule of charges are minimum charges. The minimum charge for any policy or product issued under any section of this schedule of charges will be \$400 unless a lesser charge is specifically noted in that section of this schedule of charges.

Additional charges will be made when unusual conditions or requirements are encountered, or when additional search and/or related production costs are incurred, or when special risks are insured against, or when special services are requested. These charges shall be documented and agreed to in writing by contract, agreement, or instruction which clearly defines the work to be done and the charge for such work.

Minimum charges do not apply to Section 9 – CLTA Guarantees; however, additional charges pursuant to Sections 1.2 and 1.11 may apply. See Section 9 for applicable charges.

1.12 DISASTER

In the event of a proclamation of a state or federal disaster by reason of a natural disaster such as an earthquake, flood, or fire, the charge for title insurance policies shall be 50% of the Applicable Rate and applied as follows:

(a) for a loan obtained by the party in title at the time the structure was damaged or destroyed, the proceeds of which are used for rebuilding the damaged or destroyed structures;

(b) for the purchase of an owner-occupied, 1-4 family replacement home within twenty-four (24) months of that purchaser's previous structure being damaged or destroyed. Note: When the purchaser is paying for the owner's title insurance premium, the discount is applied to that premium; otherwise, the discount is only applied to the applicable concurrent lender's title insurance policy premium that is paid by the purchaser;

(c) for sale of the property that is damaged or destroyed, within twenty-four (24) months of the previous structure being damaged or destroyed; or

(d) for the purchase of any replacement property not covered under (b) within twenty-four (24) months of that purchaser's previous structure being damaged or destroyed. Note: When the purchaser is paying for the owner's title insurance premium, the discount is applied to that premium; otherwise, the discount is only applied to the applicable concurrent lender's title insurance policy premium that is paid by the purchaser;

NOTE: Endorsement and all other charges remain at rates set forth in this schedule of charges and the discount under this Section may only be applied once to property, or in connection with property, where a structure has been damaged or destroyed.

1.13 LOST POLICIES AND REPLACEMENTS

A charge of \$50 will be assessed for the re-issuance of any policy which has been lost or destroyed.

1.23 CHARGES FOR INCREASED LIABILITY

Where the schedule of charges provides for an “increased liability charge”, this amount shall be determined by calculating the difference between the charge at the Applicable Rate for the increased amount less the charge at the Applicable Rate for the original amount, and not the charge at the Applicable Rate based upon the calculated actual amount of increase.

1.24 REFERENCES TO STEWART TITLE GUARANTY COMPANY

Throughout this schedule of charges, Stewart Title Guaranty Company may be referred to as “Company”, “STG” or Stewart Title Guaranty Company.

1.25 NON-RESIDENTIAL REFINANCE TRANSACTIONS OF \$5,000,000 OR MORE

Notwithstanding the rates set forth in this schedule of charges, the charges for loan policies where the aggregate amount of liability for non-residential refinance transactions is \$5,000,000.00 or more shall be based upon the liability amount at \$0.55 per \$1000. The charge for the applicable discounted title policy premium shall be the sum of the applicable title policy premium less 10% of that amount. Endorsements and all other charges remain at the rates set forth herein. Only one special discount may apply and, unless specifically stated, combining discounts is not permitted (see Section 1.22).

1.27 JOINT PROTECTION POLICY

The Joint Protection Policy (JPP) is the 1990 CLTA Standard Coverage Policy issued to insure both the buyer and concurrent lender under one policy. The JPP provides the same coverage at the same price as if issued as separate 1990 CLTA Standard Coverage policies. The charge for the JPP shall be the calculated charge for a CLTA Standard Owner's Policy plus \$175 (which is the charge under Section 3.1A for a concurrent CLTA Standard Lender's Policy). 4. Upon issuance of any final policy, there shall be a separate charge of \$100 per policy.

To calculate the charge, find the applicable liability amount rounded up to the nearest thousand and price the transaction at the rate per thousand shown for the type of coverage requested; pricing under this section is not intended to be calculated on a tiered basis. The applicable liability amount may also be determined by aggregating the liability amounts of like policies being issued in connection with the transaction or transactions (e.g., aggregating liability amounts of all owner’s policies or aggregating liability amounts of all lender’s policies). The charges set forth in this section are in lieu of those in other sections of this Schedule of Charges. For pricing purposes, Standard Coverage shall include CLTA Standard Coverage Policy and ALTA Owner’s Policy (with Western Regional Exceptions) and Extended Coverage shall include ALTA Owner’s or Loan Policies (without Western Regional Exceptions) also known as ALTA Extended Owner’s or Loan Policies.

The time within which the aggregated policies are priced may be limited by the policy issuing title agent and/or the Company.

Notwithstanding the pricing and charges set forth in this Section 2.20, pricing considerations may be given to transactions aggregating \$5,000,000 or more, and may be more or less than the pricing and charges set forth herein, based upon various factors such as the geographic location, the number of parcels involved, risks, additional labor or research expenses and other reasonable competitive considerations. 1. 100% of the Applicable Rate for a CLTA Standard Coverage Owner's Policy and ALTA Owner's Policy (with Western Regional Exceptions).
2. 120% of the Applicable Rate for an ALTA Owner's Policy (without Western Regional Exceptions).

NOTE: The Applicable Rates above are double for submerged lands or tidelands that were not previously insured by STG. The charge for a Lessee's policy may be calculated based upon either the full value of the land and existing improvements or, on a lesser amount relating to the term of the lease as follows:

- a. Less than 25 years: Ten (10) times the annual rental or the value of the property, whichever is the lesser amount.
- b. 25 years or more, but less than 50 years: Twenty (20) times the annual rental or the value of the property, whichever is the lesser amount.
- c. 50 years or more: The full value of the land and existing improvements.

For calculating the charge for a concurrent loan policy, if any, the charge shall be based upon the loan amount or the amount produced by the above formulas, whichever is the greater.

If the Lessee's and the Fee Owner's estates or interest are coinsured for full value and without any segregation of liabilities as to said estates or interests under the same policy, the charge for the Lessee's policy shall be based upon the full value of the land and existing improvements at the Owner's Title Insurance rate as set forth in Section 2.1 of this schedule of charges.

If the Lessee's and the Fee Owner's estates or interests are segregated in the same policy by an endorsement, or if concurrently with the owner's policy a separate leasehold policy is issued, the charge for the policy shall be based upon the increased liability above the owner's policy amount, calculated under the above formulas, plus \$100 for the additional policy.

B. Lender's Leasehold Rate

1. 80% of the Applicable Rate for a CLTA Standard Coverage Loan Policy or the ALTA Loan Policy (with Western Regional Exceptions).
2. 100% of the Applicable Rate for an ALTA Loan Policy (without Western Regional Exceptions) also known as ALTA Extended Loan Policy.

NOTE: The Applicable Rates above are double for submerged lands or tidelands that were not previously insured by STG.

The charge for a Lender's Leasehold policy shall be calculated based upon the amount of the encumbrance allocated to the property.
